

Together Selects nCino to Revolutionise Its Lending Business

23/04/2024

U.K. property lender to leverage nCino's cloud-based platform across core services

LONDON, April 23, 2024 (GLOBE NEWSWIRE) -- [nCino, Inc.](#) (NASDAQ: NCNO), a pioneer in cloud banking for the global financial services industry, today announced that [Together](#), one of the UK's leading property lenders, has selected [nCino's Cloud Banking Platform](#) to revolutionise and future-proof its business.

Together provides finance to people and businesses through a "common-sense approach" to lending and judging each application on its individual merit rather than adopting an automated approach. The Cheadle based group, which aims to be the UK's most valued lending business and has a loan book of £6.8billion, will implement nCino's single platform across all its core services, including regulated residential and buy-to-let mortgages, as well as commercial loans, bridging facilities and development finance.

"We've been helping people achieve their property ambitions for fifty years, and with nCino's support we will continue to deliver on that mission with added efficiency, speed and agility," said Andrea Dalton, Chief Transformation Officer at Together. "We currently originate over £200 million in loans every month and, with nCino, we're excited to scale and become more efficient through digital consolidation, enhanced risk management and a more modern customer experience."

"We're excited to partner with Together on this transformation programme," said Charlie McIver, Managing Director – EMEA at nCino. "Working with our proven technology and system implementation partners, we look forward to delivering a strategic digital lending platform across all of Together's core products that will help the lender grow and best meet the needs of its colleagues and customers."

nCino is an integrated cloud-based solution that spans the origination lifecycle, from agreement and decision-in-principle through underwriting, offers and closing. The platform can be easily configured to react to market changes, customer demands and new regulations, and helps eliminate manual processes for faster response times and a superior customer experience.

About nCino

nCino (NASDAQ: NCNO) is the worldwide leader in cloud banking. Through its single software-as-a-service (SaaS) platform, nCino helps financial institutions serving corporate and commercial, small business, consumer, and mortgage customers modernize and more effectively onboard clients, make loans, manage the loan lifecycle, and open accounts. Transforming how financial institutions operate through innovation, reputation and speed, nCino is partnered with more than 1,800 financial services providers globally. Safe Harbor Statement

This press release contains forward-looking statements within the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements generally include actions, events, results, strategies and expectations and are often identifiable by use of the words "believes," "expects," "intends," "anticipates," "plans," "seeks," "estimates," "projects," "may," "will," "could," "might," or "continues" or similar expressions. Any forward-looking statements contained in this press release are based upon nCino's historical performance and its current plans, estimates, and expectations, and are not a representation that such plans, estimates, or expectations will be achieved. These forward-looking statements represent nCino's expectations as of the date of this press release. Subsequent events may cause these expectations to change and, except as may be required by law, nCino does not undertake any obligation to update or revise these forward-looking statements. These forward-looking statements are subject to known and unknown risks and uncertainties that may cause actual results to differ materially including, among others, risks and uncertainties relating to the market adoption of our solution and privacy and data security matters. Additional risks and uncertainties that could affect nCino's business and financial results are included in reports filed by nCino with the U.S. Securities and Exchange Commission (available on our web site at www.ncino.com or the SEC's web site at www.sec.gov). Further information on potential risks that could affect actual results will be included in other filings nCino makes with the SEC from time to time.
