

nCino Announces Stock Repurchase Program

01/04/2025

WILMINGTON, N.C., April 01, 2025 (GLOBE NEWSWIRE) -- nCino, Inc. (NASDAQ: NCNO), the leading provider of intelligent, best-in-class banking solutions, today announced that its Board of Directors has authorized a Stock Repurchase Program under which the Company may repurchase up to \$100,000,000 of the Company's outstanding common stock.

"Our stock repurchase authorization reflects the Board's confidence in our long-term strategy and belief that repurchasing shares of nCino common stock at present valuations is a very attractive use of the Company's capital," said Sean Desmond, Chief Executive Officer, nCino. "We are confident in our ability to generate increasing amounts of free cash flow and are committed to continue to strategically deploy capital where we believe it can generate stockholder value."

Under the repurchase program, the Company may make repurchases, from time to time, through open market purchases, block trades, in privately negotiated transactions, accelerated stock repurchase transactions, or by other means. Open market repurchases will be structured to occur in accordance with applicable federal securities laws. The Company may also, from time to time, enter into Rule 10b5-1 plans to facilitate repurchases under this authorization. The volume, price, timing, and manner of any repurchases will be determined at the Company's discretion, subject to general market conditions, as well as the Company's management of capital, general business conditions, other investment opportunities, regulatory requirements and other factors. The repurchase program does not obligate the Company to repurchase any specific amount of common stock, has no time limit, and may be modified, suspended, or discontinued at any time without notice at the discretion of nCino's Board of Directors. The Company currently expects to fund the repurchase program from existing cash and cash equivalents, credit facility capacity and/or future cash flows.
