

nCino and Enforce Partner to Accelerate Cloud Adoption for Financial Institutions

06/03/2018

Collaboration seeks to optimize and enhance digital transformation at community financial institutions in the U.S.

SAN FRANCISCO and WILMINGTON, N.C., March 6, 2018 /PRNewswire/ -- [nCino](#), the worldwide leader in cloud banking, today announced that it is partnering with Enforce LLC, a North American consulting firm specializing in the implementation of cloud applications. The alliance is focused on providing industry-leading program delivery services to community financial institutions who are seeking to transform and digitize their banking practices.

"We are excited to team up with Enforce to bring continuous innovation and service enhancements to our community bank customers," said Davis Brannan, EVP of Strategic Partnerships and Alliances at nCino. "Enforce has a strong track record of successful partnerships and delivery of cloud application implementations across a number of industries. To further serve our growing client base, we will leverage their experienced team to help deploy the nCino Bank Operating System in the community banking space."

"Enforce is proud to join nCino in providing financial institutions across the U.S. the opportunity to leverage the cloud to improve their business and increase efficiency," said Tim Z. Dilley, President/Co-Founder of Enforce. "The company cultures of nCino and Enforce are tightly aligned as we are both focused on putting the success of the customer at the forefront."

By leveraging the nCino Bank Operating System, financial institutions gain a single, cloud-based platform, built on Salesforce.com, that combines customer relationship management (CRM), loan origination, deposit account opening, workflow, enterprise content management, business process management, digital engagement and instant reporting. Through the nCino Bank Operating System, financial institutions can expect to significantly reduce the number of software point solutions and streamline processes through digitization and automation to be more productive and efficient for both employees and customers.

In only six years, nCino has added more than 180 financial institution customers with assets ranging from \$200 million to \$2 trillion, including 10 of the top 30 U.S. banks. The Company continues to expand and support its growing customer base, with ongoing investments in product development and global growth.

About nCino
